

HAZARDOUS WASTE REGULATIONS

Violations of any of the requirements listed below may result in fines of up to \$5,000 per day: Code of Federal Regulations.

ALL CONTAINERS MUST BE LABELED. Labels must include the **name & California EPA I.D. number** of the facility, a **description** of the contents of the container, and the **accumulation start date** on which waste was first put into each container.

262.34(a) (2) The date upon which each period of accumulation began is clearly marked and visible for inspection on each container.

262.34(a) (3) while being accumulated on-site, each container and tank is labeled or marked clearly with the words, "Hazardous Waste/Used oil"...

ALL CONTAINERS MUST BE CLOSED or SEALED.

CONTAINERS MUST BE IN GOOD CONDITION and the waste must be compatible and suitable for the container.

265.177 Special requirements for incompatible wastes

(b) Hazardous waste must not be placed in an unwashed container that previously held an incompatible waste or material

THE HAZARDOUS WASTE AREA MUST BE INSPECTED WEEKLY and a log must be kept of those inspections. **TANKS** must be inspected daily.

262.34 (a) (1) (i). This regulation allows generators to temporarily store their hazardous wastes onsite, in containers, without a permit, provided that they meet certain container management requirements.

TRAINING MUST BE PROVIDED to persons handling hazardous waste, and training records must be kept on site.

KEEP THIS AREA NEAT AND ORDERLY AT ALL TIMES
